

Dr. V K Saraswat,
Member, Niti Aayog
"India's vision is about roads, technology, digital transformation, electric vehicles, connected vehicles, sustainable mobility and many more. The Expo and the Conference too reflected that vision."

I K Pandey,
Director General (RD) & Special Secretary, MoRTH
"A very well organised Expo and Conference. Advanced technologies, digitalisation and use of internet of things have become very important and the round table conference session on tunnels was emphasizing all these things. The audience brought out many issues which the government has to handle."

Amit Kumar Ghosh,
Additional Secretary Highway, Ministry of Road Transport and Highways
"The TrafficInfraTech Expo has brought the Government, stakeholders and Highway Infrastructure developers on one platform for consultation and had deliberated upon Road Safety issue and particularly laid emphasis on development of highway infrastructure system in the country."

Ashish Dhakan,
MD & CEO, Prama Hikvision India Pvt Ltd.
"It was a perfect event platform for us with relevant visitors, key decision makers and stakeholders from the Transportation Sector. The Smart Mobility Conference had very relevant themes, eminent speakers and government representatives."

Sandeep Pawar,
Managing Director and CEO, Kent ITS (India) Pvt Ltd
"A very good event, a milestone event for the exhibition industry. Despite the effects of Covid, we got many visitors. Sure, the market is opening up. We are very happy to see our customers, our partners face to face. We will showcase new products and technologies and will take up user satisfaction as our best objective."

Saksham Agarwal,
Director, PATH India Ltd
"The kind of response that we have had at the exhibition has been phenomenal, and I thank TrafficInfraTech team for that. Having the presence of Nitin Gadkari here at our exhibition was something very encouraging for us. And also had the presence of senior officials from the Ministry and NHAI. We will be participating in the next show and all the future shows"

Aditya Bhawe,
Director, Klaus Multiparking Systems Pvt Ltd
"There's been a lot of interest in the parking systems solutions. Especially from the Government organisations, the metro rail and rail transport organisations. We look forward to the next event."

Rajaram Subramaniam,
Managing Director, Safe Barrier International Pvt Ltd
"Congratulations to TrafficInfraTech Team. The Expo had the right people coming and it was wonderful to see many key decision and policy makers evincing keen interest in our products. So, I think this has been wonderful. In future too we hope to see a lot more policy makers visiting."

SHOW HIGHLIGHTS

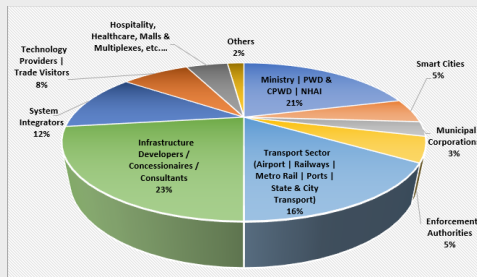

A Highly Focused and Integrated Show

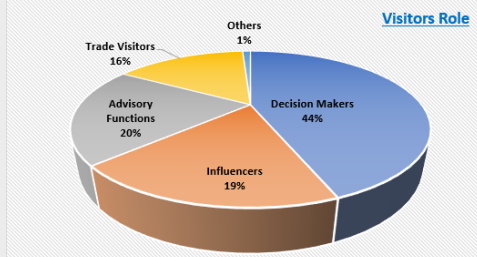

As the 9th edition of TrafficInfraTech Expo, Parking InfraTech and Smart Mobility Expo came to a close, the atmosphere at Hall no 2, in Pragati Maidan, New Delhi was filled with jubilations mixed with disbelief as the Show, coming just after Covid recovery, went far beyond the expectations by all – Exhibitors, Visitors, Delegates and even the organisers! The inauguration of the Show at the hands of Hon'ble Minister for Roads Transport and Highways, Nitin Gadkari gave the Expo the much-needed acceleration and momentum. Lighting the lamp along with him were Dr. V K Saraswat, Member, Niti Aayog and Lt Col. Rajeev Choudhary, Director General, Border Roads, Expo partners and dignitaries.

The Minister was really impressed with the Industry's efforts in coming up with innovative solutions for the Country's transport system. **"Any new technology which is successful in the world, we are ready to accept."** He congratulated the organisers for putting together such a good show on safety and infrastructure technology.
